Niagara Falls Honeymoon

Niagara Falls is famous for its natural beauty as well as an important source of hydroelectric power. Horseshoe Falls, sometimes known as the Canadian Falls, the American Falls, and the smaller Bridal Veil Falls are the three separate waterfalls that make up the Falls. You can view the spectacular Niagara River by climbing over 400 steps of stairs to the top of the Historical Brock Monument. The atmosphere is just the perfect setting for a memorable romantic moment for couples. Blessed with an abundance of natural beauty, Niagara Falls has been the honeymoon capital of Canada for many years. The 30-mile journey from Fort Erie to Niagara-on-the-Lake offers honeymooners breathtaking sights as well as fond memories of this amazing structure that nature has made. This is why Sir Winston Churchill had called the Niagara Parkway the most beautiful drive in the world. Shared between the twin cities of New York and Ontario, there is no way you can enjoy your Niagara Falls honeymoon completely within a day. The key to an enjoyable trip would be to plan your Niagara Falls honeymoon now in order to experience all the beauty and attractions here. In fact, Niagara offers exciting night time activities too, from gourmet dining to dancing in numerous clubs to fabulous shows and gambling at Casino Niagara. Attractive free admission places that you should visit on your honeymoon are Queenston Heights Park, which features plenty of picnic facilities, outdoor concerts and enchanting gardens. Another place of interest would be the Floral Clock and the Lilac Garden, which is a free admission park located in Queenston. The Niagara Parks Botanical Gardens which is open the whole year round and is home to a Horticultural School, is also worth a visit.
