As beautiful Office Lady, perhaps you do not know what in the end is a suitable type or color of the label is, so every day in their search for suitable color, and because the label is the most direct skin contact with the intimate, in the choice neighbor, the neighbor with skin grasp of the match, the most good able to show the baby out as leather industries feeling, I think it would be best suited to your neighbor. All makeup gift is the most basic and most magical cosmetics, the use of a good neighbor, can completely change their skins, people seem translucent. Women born beauty, like to have white skin flawless, but not everyone's skin so ideal, even professional models, actors, skin conditions are not necessarily very good. Well, the soft label refraction effect is more important in a part of. When we see on the poster, which is full of exquisite models angry face, the color of their Veronika not without flaws, not necessarily Runbo incomparable, absolutely not attractive, but certainly is a vivid, personalized, full of vitality. So, you know, this is not a matter of refined, but through the gift of carefully constructed. Replacing a natural effect is there? The gift is the key. -- They never seem to make up, face the total campaign has just seeming to sweat after the natural moist sheen. -- Like their skin born sleeves rolled up, it seems never traversed the rocky pox indisputable direction. -- They know how to make the total distributed to own as sunlight after he kissed only things that are encouraging the public. ... There is no doubt that in your eyes they seem to have become angels and the angels because it is so you would envy. In fact of all is not so inconceivable, these women are light darling, you heard optical sensors prescription label? These look like angelic woman is the biggest beneficiary. Optical sensors formula is usually Bioware activity dioxane-containing titanium or silicon molecules using light refracted light diffusion theory, facial lines seem more refined, cooked, which releases energy and natural splendor. This optical sensors, the formula powders very thin and transparent texture in the reflected light at the same time, it would not cover their own living skin texture, this gift is only skin moist, naturally. So now a lot of makeup master in New York, Paris, Milan, Taiwan has extended a new performance, it is not only the use of a transparent brings bright powders, which use optical sensors formula powders, which contain a photosensitive formula particles can be reflected light directly show skin texture of their own health, let the light directly modified skin defects, but no heavy flu, but also allows skin showing itself to a slight sheen, soften facial lines to achieve results. Show the bright, natural, satin-like skin texture ... then you can imagine the technology to create the world -- amazing makeup, as a balls of silk fabric, reflecting the perfect shine the light, you have this gift flutter in their faces, it will cleverly changed to allow for fine grain, On the dark luster faces glow with a natural color, and this all, you have to have are so easy, waving between them will allow us to a new look, feel this will be a beautiful anomaly. Optical sensors prescription of a role is also reflected UV. This layer of skin -- The reflective particles, can all band ultraviolet refraction out so as to protect the skin from sun role played Oh! The international fashion brand of cosmetics strongly recommended this optical sensors label, we label these include outpacing factor. Easy summer sweating skin, only to the face Park outpacing factor label, your skin will be -- cool and bright, more sunscreen role Oh! Cool-cool-pretty red Fenfen Enhances Liang Yan water Senlinya homes aromatherapy gift transparent colors : light beige. Features : unique light refraction formula to allow radiation to the face of the light scattering soft, soft color, the skin surface with a transparent texture, showing smooth tender. Sidhu historical retrospective of the label is not a modern invention, as early as several years ago, the noble ladies whitewash in the face. A person has to please capacity, but also the pursuit of love and gesticulations. Yanzhifuafen history of the Year 2500 years ago, women use various minerals, roasted ground, deposited in their faces, so it seems pale complexion. Egyptians even direct use of gypsum to smear his face. For thousands of years, through many different cultural change, but white skin is beautiful concept, it has never changed. In an earlier era, it has begun to use Cream. It represents the ladies quiet, elegant beauty. Europe to the 16th century began to use Yanzhifuafen prevalent, the Royal Palace nobles gradually Galena began mixing with white pearls, roasted ground for later use. Then, in addition to scribble on his face, wigs, gloves, jackets, everywhere on the powder. In the 19th century, talcum powder mixed favored by women, replacing the previous white lead. In 1900, as raw materials meters to make the popular label started States, and captured man's world. For example, in King Jin, absolutely no one would wear the hat, without gloves, flattering label. Sidhu, the grandmother of female

cosmetics label use of modified face, has a long history. From the gift, slowly up today s all kinds of cosmetics. First, in 1953 the advent of powder. This is a combination of gift and screenshots of Powder Bulk. Since then, various types of bottoming repair capacity, the cosmetics offer a gift of the importance of gradually be replaced. However, it is fortunate that due to the technological advances in texture checking the label also created another peak. Meal with wonderful aromas, so that the skin out the enticing flavor. Now the label has also joined the elements of grease and 1,993,600 special moisturizing agent to nourish and protect the skin. Of course, increasing the color of pearl powder and spices are also indispensable. They can even add to avoid infection, inflammation of the prevention component. All components are chosen after careful aim is to create the best features of gift : meticulous, soft, high adhesion. Therefore, the processing is very important, we must fully mixed all the ingredients and screening, it is ideally combined into detail, the sun, out the charisma of a charming gift. The gift is the gift advantages foot indispensable assistants, as well as cosmetic success, and the show Housewives indispensable final hero. Skin like Sidhu, also needs gift. Meal in the end what benefits? Not only can be modified label makeup, but also avoided faces BLEEDINGS, reflective, so that the skin looks more refined. Of course, the label can also increase the durability of makeup, avoid high temperatures, the oil from the cosmetics, makeup maintain clean, clean. Mature skin type due to lack of moisture, the skin appears to the creek, and the lines clear, easily reflected light, the faces of all the defects have a clear picture. This time, they also need the help of a neighbor. Modern gift, texture detail, feel natural, effective and has a good cure skin surface, the reflected light of the natural features. Gift of the type tattered label has been a growing number of enthusiasts. International makeup artist has gradually found the tattered label its benefits. Fluffy Powder Bulk is the gift of compression, then adds some substance cream mixture, easy to carry, easy rapid collapse can hide T-regional Bleeding. Sidhu transparent colorless, does not change color, skin to reduce glare, so Replacing natural. The use of the label Secret to use small gift, sitting in savings, but much flutter 1:00. Use quality cashmere staples, paint, the greater dense as possible, sufficient to label integrity flutter in the face, until the entire face or pollinate uniform, it seems natural detail. You can follow the following procedures : 1, the daily moisturizing trophoblast; 2, 3 Bioware makeup, on the label to be completely dry in powders, following on the label. Next, on Sai Hong. In Saihong edges, and then to label modified. Do not eyelid on the label, you can use the eye or eye shadow to strengthen his eye. The eyelash Department, tried to be a little gift later on mascara, it will eyelash longer and more dense. Finally reuse in small eye shadow brush strokes on the label. Light beige label allows the skin looks as if the delicate baby. Ivory gift, let you look pale and beautiful, natural. Let label transparent skin like silk-like texture and smooth thin transparent flu, more delicate skin, youthful glow, as well as the best opponent Dezhuang powder. The city now have to work OL, more simple approach : daily moisturizing label on trophoblast + + Tu won lipstick. Simple, the same can be pretty one-person-one image!
