

## WorldHeart Announces Strategic Alliance With Abiomed

Investor Relations, then selecting Investor Events and finally selecting the Webcast link. WorldHeart intends to mail to all shareholders a proxy statement that will contain important information regarding this transaction as well as other matters. The shareholders are advised to review the proxy statement for further information regarding the participants in the solicitation (including their direct or indirect interests, if any). When available, copies of the proxy statement, and other relevant documents, will be available for free at the Securities and Exchange Commission's web site and the Company's web site at worldheart.com. Any forward-looking statements in this release are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and include statements regarding the Company's expectations with respect to the potential benefits of its strategic alliance with Abiomed, including the ability to reach a broad base of clinical customers and efficiently market the Company's products, the Company's future development plans for its next-generation Levacor VAD, including the timing and scope of clinical trials, the potential scope of use and clinical benefits of these devices, as well as other statements that can be identified by the use of forward-looking language, such as "believes," "feels," "expects," "may," "will," "should," "seeks," "plans," "anticipates," or "intends" or the negative of those terms, or by discussions of strategy or intentions. Investors are cautioned that all forward-looking statements involve risk and uncertainties, which could cause actual results to differ materially from those expressed or implied by the forward-looking statements, including without limitation: the need for additional longer-term financing; delays in development, preclinical qualification, regulatory approvals and clinical trials, particularly the Levacor VAD; destination therapy adoption rate for VADs; and other risks detailed in the Company's filings with the United States Securities and Exchange Commission, including its Annual Report on Form 10-KSB for the year ended December 31, 2006, as amended, and its most recent Quarterly Report on Form 10-QSB for the quarter ended September 30, 2007.

Magnetic is one of the elements of human existence. Earth itself is a magnetic field, caused by the Earth's own campaign bipolar shortened equator draw, melting glaciers, rising sea levels and other reasons, the Earth's magnetic field strength is gradually decay. Plus a city of skyscrapers, high-voltage power grids increased artificially create lines of the Earth's magnetic interference and damage. Therefore, the Earth's magnetic field strength only 500 years ago, 50%, many people there are all sorts of missing magnetic symptoms. Scientists study confirmed that, far from the Earth by the astronauts in space with the space syndrome is the result of the shortage caused by magnetic. Evidently magnetic for the importance of life.

Magnetic therapy, also known as magnetic therapy, magnetic acupoint therapy is to allow for a certain magnetic field in the human body parts or acupoints, the magnetic permeability of the depths of human tissue, a method of treating diseases. The role of magnetic mechanism is to accelerate the revival of updated, and enhance the vitality of blood cells, purifying blood, improve microcirculation and correct the imbalance and endocrine disorders, the body regulating physiological function of yin and yang balance.

China is the world's earliest medical treatment using magnetic countries.

Qualcomm joints, swollen Consumers pain therapeutic effect. Doctors Sun Simiao in the Tang Dynasty to the emergency preparedness of gold containing the sore governance of magnets and destroyed at the end of Kurashiki, analgesics broken blood. Doctor Li Shizhen Ming Dynasty, Compendium of Materia Medica magnets used in the treatment also made a more comprehensive and detailed records.

Application of magnetic also foreign earlier, the year 200 years has been using magnets for laxative records. Year 450 years Greece has been holding magnet therapy gout report. Year 1000 Arabs magnet therapy with liver disease. After appeared one after another, such as magnetic tape device. The 1950s had used magnetic treatment of hypertension and blood pressure with neurasthenia and other reports.

Generally speaking, magnetic therapy had no significant side effects and contraindications, only a very small number of patients with blood pressure fluctuations, dizziness, nausea, drowsiness or insomnia, and other symptoms typically will not handle, stop the treatment can go away for several days.

Magnetic mainly in the following roles:

1.

Generally, the non-magnetic biological inflammation and chronic inflammation of the role of inflammation better. Because the magnetic field can be strengthened so that local blood circulation, improve the permeability organizations is conducive to the dissipation of exudation, absorption; plus magnetic field can increase body of the non-specific immunity, the WBC active, phagocytic capacity and therefore a swelling anti-inflammatory role.

3.

Sedation:

Magnetic Meridian and the nerves of body fluids such as a certain degree of regulation, it can not only improve sleep and promote sleep and sleep extension of time, can ease the muscles, relieve itching, and so on.

5. Inhibition of tumor:

Magnetic on both benign and malignant tumors certainly inhibited.n

Currently, the market commonly used medical equipment barium ferrite magnetic, silver ferrite, samarium cobalt permanent magnet, magnetic field strength for the 2000-3000 Gauss. Commonly used magnetic supplies various magnetic machine (), magnetic buck table, magnetic belt, magnetic films, magnetic necklace, magnetic bra, shorts magnetic, magnetic glasses, magnetic vest, magnetic pillow, magnetic jewelry, magnetic chairs, such as magnetic Cup.n

Practice shows that the magnetic jewelry on neurasthenia, cervical spondylosis, hypertension, and others have good effect. If Beijing Jishuitan Hospital, the General Hospital of Beijing Military Region with this necklace for 260 cases of cervical spondylosis, and the total efficiency of 38.5%, significantly efficiency of 27.3%.n

Magnetized water people call the Water for Life , the experts also known as ion activity of water.

In recent years people under the far-infrared and magnetic properties of the human body, produce far infrared magnetic bedding, use of far-infrared and magnetic properties of combining the ways in which the Effects of Shujin active functional magnetic and far-infrared Huoxue Huayu, insulation , the health effects of the hot synergies superposition, for rheumatoid arthritis, hypertension, chronic diseases such as cerebral thrombosis can play the role of adjuvant therapy, has good prospects for development.

## About the Author

From [www.prnewswire.com](http://www.prnewswire.com):

The idea that magnetic therapy could be used to treat disease began in the early 16th century with the Swiss physician, philosopher, and alchemist.

We carry a great selection of Magnetic Therapy, Home Water Filtration and Faux Decorating Tools. All at an unbeatable.

Magnetic bracelets and magnetic jewelry at great prices. Magnetic therapy bracelet superstore with all the latest fashions. Necklaces.

Handcrafted products including pillows, belts and wristbands, insoles, and jewelry. Includes product descriptions.

In the 1600s the use of magnets therapy started to spread in Europe and in the 1800s it was growing rapidly in the United States. Nowadays.

Anecdotal evidence seems to suggest that magnet therapy provides pain relief.

View our range of magnetic bracelets. Magnetic therapy provides a wide range of benefits including pain relief, improved energy levels and better.

Magnet therapy, magnetic therapy, or magnotherapy is described by its proponents as a form of alternative medicine involving.
