

Fitness & Fashion, How the Samsung E570 will helps you look good...

The Samsung E570 has been designed to make you look good in two ways, Not only does this stylish pink and silver handset look good in your hand but it also helps you to look good in yourself. What's on the outside? Samsung have given this handset a silver racing stripe bordered in a metallic pink paint job. The pink has speckles of silver and reflects light in a beautifully in a shower of colour. The Silver stripe has a 1.3 mega-pixel digital camera and status display mounted on the front of the handset, with a beautiful flowered motif detailed on the rear, the contrast of the two silver colours really sets off the pure style of this handset. Inside the clamshell design the keypad is also coloured in pink with contrasting silver navigational buttons. There has been some real effort and thought placed into the styling of this phone and makes this a perfect compliment to any outfit. This rounded phone appears sharp and robust but feels soft and silky in the hand. Helping you to look just as good... The Samsung E570 is equipped with some really handy features to make you look and feel good. As far as feelings go, if you down in the dumps then you can put on some of your favourite music and cheer yourself up, The built-in Mp3 player will play songs both in Mp3 format and AAC (itunes) format, also there is the ability to expand you phones memory capacity to hold even more songs, making this phone more flexible than your iPod. The E570 also has some other features that are designed to specifically make yourself look good, No matter what you've been doing throughout day; this phone monitors your activities using a built in Pedometer and will accurately inform you of the number of steps you've taken during the day. In addition to this the phone will also give you an indication of the amount of calories that you have burned through your activities. What a way to utilise a single device to give you multiple benefits. Well done Samsung.
