Give unique and thoughtful wedding favors that create special memories of your special day. Wedding favors are chosen to reflect your own unique personality and taste. When planning your wedding, one of the decisions you'll need to make is the selection of wedding favors for your guests. Traditional or contemporary favors can be given out as a keepsake momento for your guests or something sweet and edible to enjoy during the wedding celebration. These gifts are a wonderful way to show your guests that you appreciate them coming to celebrate your special day and to say "thank-you" to your guests for their attendance, their friendship and their wedding gift to you. Wedding favors are usually small but thoughtful items that serve as a memento of your special day. Favors can be chosen reflecting the season of the year, location of the wedding, color or theme. The choices are only limited by your imagination. With so many resources, including the internet, virtually anything is possible. When selecting your wedding favors, remember that these are items meant to say "thank-you".
